

QUALITY ALTERNATIVES TO
FAILING PUBLIC SCHOOLS ARE
COMING SOON NEAR YOU!

There are plans for small Christian schools to be open by fall of 2022. The location site for one school is proposed to be held in a church building located at: 4408 Taylorsville Rd 40220.

A public meeting time will soon be announced for all those interested to gather information, on how to place their child, or a child of a loved one or friend, into healthy and safe educational environments. An environment where children will be taught to excel in the basics in: reading, writing, history, science and arithmetic, art and physical education - nothing more.

The children of Jefferson county, our next generation, are in desperate need of a REAL education to equip their minds in order to lead healthy productive lives as adults. Do you agree?

STOP

- **Does your child/grandchild deserve a quality education?**
- **Do you feel that the public school your child/grandchild attends is providing that quality education?**
- **The state's new social studies' standards don't even include Kentucky native Abraham Lincoln.**
(Source: Bluegrass Institute for Public Policy Solutions)
- **Did you know that a Secular Humanist (anti-Christian) agenda is being taught in our public schools?**
- **Only 1 out of 3 Kentucky public school students read at grade level proficiency.**
(Source: Bluegrass Institute for Public Policy Solutions)
- **Who is more invested in your child/grandchild's education and upbringing than you?**

One of the most impactful types of education is **homeschooling co-ops**. Studies show that parents/grandparents even without a high school diploma can do a more effective job at educating their children/grandchildren than a classroom teacher for minimal cost/year.

The location site for one school is proposed to be held in a church building located at: 4408 Taylorsville Rd 40220.

Benefits: research shows that homeschool and co-op students with parents controlling the rules, expectations and influences on their children, tend to score higher academically than their public schooled peers, and that they are usually better behaved and socialized as well.

American Family Association of Kentucky is currently partnering with numerous organizations and churches to support homeschool families with advice and educational resources. We are eager to empower you to equip the next generation with a solid foundation. So, please reach out to us today. And, if you want to donate your time to help others in this initiative, we welcome you as well.

Contact **AFA** today at info@afaky.org or call (502) 893-2444 or (502) 895-5025. Please give us your name, phone, email, address, the number of children and their grades.

We filmed a recent school board meeting where freedom of speech was shut down. Access to our schoolboard, who need to be accountable to parents and taxpayers, was denied. We can send you a free DVD copy of it.

The most important part of this problem is that it shows the stress that our children are put through because the schools are teaching "critical race theory". Want help with alternatives to public education?

Please contact me with more information.

1. Please send me the DVD: (___) How many? ___
2. Please help me find alternatives to public education that fit my needs: (Yes___) (No___)
